

IEC 60169-9 Ed. 1.0 b:1978, Radio-frequency connectors. Part 9: R.F. coaxial connectors with inner diameter of outer conductor 3 mm (0.12 in) with ... - Characteristic impedance 50 ohms (Type SMC)

Concerns patterns for r.f. coaxial connectors which may preferably be used with r.f. cables 96 IEC 60050-1 or 60050-2. These connectors are for low power. They have a screw-type coupling mechanism and are commonly known as Type SMC.
