

Spring Break Seduction

Jason Hendricks is looking forward to spring break, just like any eighteen-year-old college student--but Jason's school, St. Sebastian's College, specializes in erotic education, so Jason is looking forward to the chance to have sex without being graded on it. He's invited his oldest friend, his boarding school mentor and big, Ford Avery, to spend the week with him. Jason is hoping to show Ford that he's finally all grown up, and maybe put his very special college education to use... Jason was last seen doing a little extra studying in *Taught to Take It*, but now school's out and Jason can follow his heart!
