

## Summers Spring Break

Summer, a 20 year old tan skin Asian, a foreign exchange student, gets invited to his friends home for spring break. Jason is 40 and gay, but isn't interested in Summer even though he is a walking wet dream. Jason wants someone to show his son how to attract guys, because Jerry, age 20, is also gay. Summer comes to the mansion thinking he would have a chance with Jason, but he finds that his real love is with Jerry. Sometimes we give up one dream, and a better one is at our door. 18+ for one sexual scene.
