

Pleasure and Pain (Steamy Erotic Romance)

Rodney puts it in Serena nice and slow, letting her ride at her own pace and stick shift it so sweetly and passionately. That's why it was so worth the wait. It's their third date, and as they cruise through the city, they can feel it in the air that tonight is the night that they take things to the next level. When their beautiful naked bodies meet, the lust explodes in a thriller painted against the backdrop of being caught in the act. If you like dirty talk, spanking, sucking and licking below the belts, public sex and delicious ass gripping, body rubbing and stick stroking, the story will fill you with erotic passion that will have you begging for sweet relief. EXCERPT: Got tired of driving? she asked. Not really. I just thought we'd sit here and chill for a bit, I responded. Chill. Is that what you really want to do? she asked. I looked to the passenger side and saw rows of her beautiful teeth smiling at me, and my heart sped up. This was it. I could sense those pre-first kiss nerves that I'd get back in high school. Now or never. I leaned in and pressed my lips against her full, pouty mouth, and felt a rush of heaven flow through my body. Her sweet perfume tickled my nostrils, and her lips felt so gentle against mine. I touched my hand to her face and slipped my tongue into her mouth, teasing her ever so gently. Our mouths wrestled and playfully jostled for position, and I felt my cock stiffen in my slacks. Serena sensed my arousal, and ran her hand to the crotch of my pants to feel her reward.
