

Swingers: Paid Partner - The Ticket

Colt Webster is barely into his mid-thirties and has recently retired from a spectacularly successful career as an NFL quarterback. Hes tall, buffed, great-looking, and very wealthy. Colt owns a beach house in Malibu, a mansion in Beverly Hills, three large car dealerships in L.A. and numerous other lucrative investment holdings. A dedicated swinger since his early twenties, he loves having sex with the whole smorgasbord of hot, sexy women who belong to the elite Beverley Hills-Hollywood swinger club of which he is a member. His problem: he has no steady date to accompany him to the swinger functions he enjoys so much. He has long been divorced, and many times the A list actresses, pop singers, television stars, and female sports celebrities that he dates are not sexually adventurous enough to consider swinging. Colts solution is to hire himself a ticket; in swinger parlance, a girl who is willing, for the right kind of money, to accompany him to the wild get-togethers and to perform, sexually, with the men shell encounter there. So, he places an anonymous ad online. Skylar Channing is twenty-one, a full-time university student who is working unreal hours as a gym instructor and personal fitness trainer, and is buried under a mountain of student loan debt as she attempts to put herself through school. Shes tall, two adjectives beyond drop-dead gorgeous, and desperate. When she answers Colts ad Sky has lived a rough and tumble life, growing up practically on her own in one of the worst slums in L.A. and shes certainly no virgin. But shes not a bad girl by any stretch of the imagination. She loves sports and is thoroughly charmed by handsome Colt. She soon finds herself willing to do almost anything to please him. But can she bring herself to do this? Determined to prove she can, so that she can become an even bigger part of Colts life, Skylar is shocked to find that she has developed feelings for the charismatic

ex-football star that she's never had for anyone before. Will her success as a willing ticket lead to the closer relationship she suddenly craves or will it convince Colt that she's just another swinger slut-girl who is not worthy of his love?
