

Mac OS X Mavericks for Seniors: Learn Step by Step How to Work with Mac OS X Mavericks (Computer Books for Seniors series)

The Macintosh line of desktop computers and laptops from Apple has enjoyed enormous popularity in recent years amongst a steadily growing group of users. Have you recently found your way to Apples user-friendly operating system but are still unsure how to perform basic tasks? This book will show you step by step how to work with Mac Mavericks. You will learn how to use basic features, such as accessing the Internet, using email and organizing files and folders in Finder. You will also get acquainted with some of the handy tools and apps included in Mac Mavericks that makes it easy to work with photos, video and music. Finally, you will learn how to set preferences to make it even easier to work on your Mac and learn how to change the look and feel of the interface. This practical book, written using the well-known step-by-step method from Visual Steps, is all you need to feel comfortable with your Mac! Learn how to work with Mac OS X Mavericks: Perform basic tasks in Mac OS X Mavericks Use Internet and email Work with files and folders in Finder Work with photos, videos and music Set preferences Download and use apps Suitable for: OS X Mavericks
