

Reproductive Studies (Bareback Professor Student Erotica)

Twenty-year old Kelly cant seem to pay attention during lecture. Shes too busy ogling her handsome professor Dr. Gardner and daydreaming about all the things shed love to do to him. So when he asks her to meet in his office, shes thrilled. At least, until he accuses her of academic dishonesty. And theres only one way to clear her record again. Shell have to let the professor take control and take what he wants...and what Dr. Gardner wants is to bend Kelly over his desk. He wants it rough, risky, and bareback. He wants Kelly naked and submissive and pregnant, just for him.
