

Home Work (Life Lessons)

Coming together as a family was supposed to make life happy-ever-after for Mac and Tony, but their two uprooted kids, demanding jobs, and a less than gay-friendly world don't seem to have gotten the message. Mac and Tony thought the hard part was over. They're together openly as a couple, sharing a home and building a life with their two children. It's what they dreamed of. But daughter Anna struggles with the changes, Ben is haunted by old secrets, Mac's job in Homicide still demands too much of his time, and Tony is caught in the middle. It's going to take everything these men can give to create a viable balance between home and work. Especially when the outside world seems determined to throw obstacles in their way.
