

The Babylon Game (Seven Fabulous Wonders Book 2)

When Tiamat lets one of Babylons dragons lick her hand, her luck turns overnight. From being an average player of Twenty Squares, she becomes the Egibi teams secret weapon, blessed with a mysterious talent that helps her win every game. But Tiamats lucky hand is in demand for more than the Twenty Squares Championships. It also gives her the power to open the magical gateways that lead between the great cities of the earth, and beyond the earth into the heavenly realms where dragons breed. When the Persians discover these gateways and persuade Tiamat to help their army enter the city, Babylons days are numbered.
