

Courtneys Boring Life (Modern Erotic Library)

Courtney is only twenty and life already bores her. She has little ambition or education, and when not at her dull midnight job hangs around with other young, bored people like herself, doing mostly boring things. During a late evening foray she drinks more than she ought to, and lets a few of the guys in the group do more than they ought to. From then on everyone begins to treat her like a slut, and Courtney finds she **LIKES** being treated like a slut. Some dark side of her likes the guys groping and abusing her, likes being used however they want. When they do it to her at work, though, she is caught on camera and winds up downtown before the company boss. Instead of being fired, he has other uses for a lovely girl with a submissive mindset and little ambition in life, and she leaves his office naked and in a cage, shipped to his penthouse to be properly trained. Courtney is simultaneously appalled and excited by it all, horribly embarrassed, and indignant at the way she is treated, and yet thrilled and aroused at the same time. At least her life is no longer boring! Warning: Graphic sex and sexuality
