

Curves for the Billionaire (BBW Billionaire Erotic Romance)

I want to take you, Victoria I want to feel your hot curvy body against me as I make you scream with pleasure. Curvy, determined Victoria has never had any lucky with men - and having her mother continuously set her up on bad dates and push her to lose some weight isnt helping. But when one of those blind dates goes wrong, leaving her humiliated and despairing, she finds herself catching the eye of a rich, powerful billionaire - who wants nothing more than her sexy curves under him. Finally finding a hot, sexy man who sets her blood on fire and appreciates her for who she is seems like a dream come true - and maybe, having the full attention of a sexy, alpha man will be all she needs to learn that her curves can be her greatest asset... ----- Excerpt ----- I know youre not serious, just leave me be, alright? I just wanted to get out of there, and being a moment away from sobbing was making me desperate I didnt want to stick around for a conversation that would only make me feel worse. He frowned for a moment, a line marring his brow before it smoothed and he stepped in close to me, his eyes deepening in intensity and keeping me pinned under his gaze. One hand came up to cup my chin with a gentleness at odds with his intensity. Im always serious when I want something. He moved impossibly closer, sparks flickering through me at the small touch of his hand, my body wanting to melt into him, bring my hands up to touch him all over, but I held back, still confused. He seemed to have no such hesitation and his other hand caressed my neck gently before running down to my shoulder, giving me a little support as my breathing quickened. And I want something tonight. The intonation in his voice had me shuddering with desire and I stepped closer automatically, wanting to feel the heat of his body against me, my eyes wandering all over the strong, powerful man in front of me as I tried to

take in what was happening. Whats your name, girl? V-Victoria. I stumbled over it for a moment, my throat not quite working in the face of what this man might be offering the thought that the fantasies Id had earlier could ever possibly come true seemed too good to trust, especially after how Id felt only moments before. I took a deep breath and couldnt help needing to ask again, to check that I hadnt completely mistaken the situation. You wantme? I tried not to make it uncertain and small, tried to believe the heat and desire in his eyes and consider the idea that it might actually be for me. His hand rested against my neck now, fingers stroking my cheek gently as his mouth hovered only inches from my own, making me long to simply give in and kiss him, let him take me deeply in whatever way he wanted. Yes, baby, I wanted you from the moment I saw youyour beautiful body proudly on display the way gorgeous curves like these should be. The sparkle of fire in your eyes that left me unable to resist. I could barely believe what I was hearing, but the rich, hot voice went all the way through me, finally soothing some of the emotional reaction Id been struggling to contain. My heart was beating hard in my chest now, the thought that maybe tonight I would get this taking over every other thought. I looked up at him hopefully, not quite daring to ask, but he was already there, leading in a way I was sure hed spent his whole life doing. This was one man who got everything he wanted. And god, he wants me. So will you come with me, Victoria? Let me show you a world of pleasure?
