

The Billionaires Daughter

Kate had it all. At least, she thought she did. Little did she know her billionaire father, Bill Hollister, was running out of patience and ready to make some significant financial changes in her life. Then, fate - in the form of Dante Giovanni - intervenes. A lifetime family friend, a young man mentored by her father, a boy she had a secret crush on for many years, Dante literally walks back into her life. Bill gives him 48 hours to talk to Kate. To help her see the error of her ways. With blazing blue eyes and a steely, quiet confidence, Dantes conversations require she listen while across his lap - a position that shocks and stuns her. But not nearly as much as the manner in which his hot, blistering hands convinces her to see things his way. She soon learns temper tantrums and disrespect means only one thing - discipline and correction - and a very sore bottom. The Billionaires Daughter, full of steamy, scandalous sex, blindfolds, bondage and spanking, makes for a seriously stimulating late night pager turner.
