

The Tricksters Image: Forensic Art (Crime Scene Club: Fact and Fiction Book 3)

Ken Benally struggles with life's choices: how to decide between two beautiful girls, how to balance the competing demands of school activities, and how to satisfy his overly demanding father. But these challenges are nothing compared to the trouble he faces when a fortune in Native art is stolen, and his mother is a suspect in the case. It seems that the Trickster Coyote has put a curse on Ken, one that threatens all he holds dear. This third book in the CSC series provides information about forensic art techniques, along with gripping suspense.
