Instead, he found that Stark was on the verge of controlling the very fabric of reality itself. Cory was unsure of Stark's ultimate goal, until he began to recall pieces of another life and found himself in the middle of a battle between two groups of people who could use rabbit holes in space and time to jump between different realities, personalities, and lives. Whoever had control of the power to shape reality would have the power to become a god--or a devil. But before Cory could combat Stark and his minions, he first had to remember which side he was on...
