

## The Feast: A Parable of the Ring (Volume 2)

Virginia had experienced the power and direction of the five stones; now, she would need to use them again. For entirely different reasons. Keeping her marriage together was not the only thing on her mind. Having a child wasn't going to happen in the usual way, and Virginia was determined that adoption was the answer. If she did all of the right things, said all of the right words; if she remembered the five stones in her journey to get her child, God would surely have to answer her. It wouldn't be too difficult.
