

## A Game Called Obedience (Loving Femdom Erotic Romance, BDSM Erotica)

Its very simple. Ill continue this for as long as you do everything I say. Feel free to disobey at any time but then Ill walk out of that door and get on with my day Chris and Alyssa have always had an exciting sex life, happy to play kinky games and fulfil whatever fantasies they can come up with. So when Chris wakes up to his wifes sensual affection, hes more than willing to go along and let her take the lead as they play a game hes always loved in the past. But this time soon feels different; Alyssa has never been so confident and powerful, or so alluring and sexy as she fully steps into the role shes taken and Chris doesnt know just how far shes going to push, or how much hell end up giving her as he gets lost in the sensual woman who knows exactly what she wants. Warning: This 8000 word erotic romance contains graphic language and explosive sexual activity between a confident, sexy woman who knows just how to tease and the man who cant resist her. It involves explicit descriptions of BDSM activities including teasing, orgasm denial, face-sitting, and sensual dominance and control. Intended for mature audiences 18+ only. ----- Excerpt ----- God, that was so good! Her tongue played with him lightly as she bobbed up and down and his hands tightened against the railings he was clinging onto. He moaned and let out a breath as she had her way with him, teasing him mercilessly for a minute as she showed him just how good her mouth could be. Her hand cupped the base as she sucked hard and it became harder and harder to stay as she wanted feeling the need to reach down and grab her, to hold her head, push in further and enjoy it fully. Sure, shed started off calling the shots but there was always a limit to how much he could resist the wild desire it created in him, even without this relentless teasing and the resulting passion of his loss of control had always blown both of them away. Just as he was pushed

past temptation she looked up at him with a half-smile on her face and interrupted as if she knew exactly where his thoughts and lust were heading. Do you want to play a little game with me? Her fingers were still working his cock wonderfully, glancing over his balls and inner thighs as he gasped at the mixed sensations and struggled to concentrate and reply. What game? Her mouth closed around him again and the need grew hot inside him for a moment, completely distracting him from what they were talking about before she came up and placed a little kiss on his head and continued, her voice deliciously breathy. I call it obedience. Its very simple. Ill continue with this for as long as you do everything I say. Feel free to disobey at any time but that will end the game and Ill walk out of that door and get on with my day. The calm deliverance of that ultimatum sent his mind racing even as his raging libido made the answer clear. There was no way he was doing anything to lose this wonderful attention and hell, her attitude towards it was hotter than he could have imagined. His hands flexed and his resolution was obvious: if he needed to keep his hands like that all damn morning, he would do it to enjoy whatever his wife had in store for him today. His determined thoughts were interrupted as she brought his attention back. You understand? Swallowing a little at the demand, he nodded, feeling strangely vulnerable. Sure, he could end this at any time, but the way she was acting was doing crazy things to his libido and his agreement made him feel strangely open and exposed. The gleam in her eyes at his response almost made it all worth it though, seeing that beautiful confidence and self-assurance in his sexy-as-hell wife.
