

Chloe and the Good Doctor (The Milk Bearer Book 1)

Chloes luck had just about run out. Her unique phobia had made it impossible for her to hold down a regular job. With her savings depleted and no money to put even a decent meal on the table, she was desperate, so when she happened upon an ad looking for young, healthy females to participate in a secret clinical trial with the possibility of earning \$300 a day, she jumped at the opportunity. Little did she know that signing up for the trial required her to come face-to-face with the thing she dreaded the most, and open herself up to a new world of sexual desires. **WARNING:** This 11,700+ word story contains graphic language, oral sex, lactation fetish, and explicit descriptions of intense, hot sex between two people.
