

The Bully (The Omar Bell Universe Book 1)

George spent the majority of his formative years being tormented and bullied. After his bully follows him to college, he retreats into his studies, and becomes a rich, world-renowned scientist. Soon, he turns to revenge as a means of providing fulfillment, and develops a biochemical compound which serves as a means of vengeance by transforming his former bully, body and mind. Follow Leo, the bully, as he undergoes that transformation. This novella is a work of feminization erotica, and is only the first part of a much larger story.
