

Some Happy Day: Rescued...A Series of Hope (Volume 1)

Nobel Reeves had his hands full when he found a little toddler wandering in the tall grass of the Great Plains. Who was this child? Where were her parents? How would he evade the law long enough to see that she was safe? Would he ever have a home of his own or was he to remain a fugitive? Kidnapped on her way home from school, fifteen-year-old Myrtle Jennings finds herself in the clutches of unsavory men. Their intent is to give her over to their boss who gathers young girls for his traveling brothel. She must escape, but how? If she does get away, how will her family and friends accept her after they find out what has happened to her?
