

The Seat of the Soul: Inspiring Vision of Humanity's Spiritual Destiny

Gary Zukav, one of the pioneer members of the New Age Movement in psychology, has built upon the contents of his first book *The Dancing Wu Li Masters* to show how we create our own reality through action and thought. The author argues that our souls evolve as we develop our own latent powers. This book examines cases of multi-sensory individuals, looks at conventional marriages and spiritual partnerships and at traditional and spiritual psychology.
