

The Tigers Child and Somebody Elses Kids 2-in-1 Collection

For the first time, bestsellers Somebody Elses Kids and The Tigers Child are combined to show Haydens extraordinary attempt to rescue the children that no one else wanted to help. In Somebody Elses Kids, four problem children are placed in Torey Haydens class because nobody knew what else to do with them. They were a motley group of kids in great pain: a small boy who echoed other peoples words and repeated the weather forecast; a beautiful seven-year-old girl brain damaged by savage parental beatings; an angry ten-year-old who had watched his stepmother murder his father; and a shy twelve-year-old who had been cast out of Catholic school when she became pregnant. But they shared one thing in common: a remarkable teacher who would never stop caring and who would share with them the love and understanding they had never known to help them become a family. In the Sunday Times best seller The Tigers Child, Hayden attempts to reconnect with an abandoned teenager she helped as a child. Sheila, a gangly teenager with bright orange hair is no longer broken and lost, but still troubled and searching for answers. It is up to Hayden to once again answer the call to help a child in need.
