

Theodore Roosevelt: An Autobiography

Spanning his earliest remembrances as a child to his historic charge up San Juan Hill, and his years in the White House, Theodore Roosevelt: An Autobiography offers an intimate and telling portrait of one of the greatest statesmen in American history. As a militarist and politician, Theodore Roosevelt accomplished a remarkable list of achievements including forming the Rough Riders, trust-busting companies like Standard Oil, expanding the United States network of national parks, and negotiating the end of the Russo-Japanese War, for which he was awarded the 1906 Nobel Peace Prize.
