

Two Masters for Alex

When Alex signs up to learn what it is to truly submit within a D/s relationship, she expects to be ravished and adored. Instead, she finds herself in the middle of a very hot, longstanding, m/m love affair. To her chagrin, she is not the subject of their torrid passion, but the object, a girl toy expected to perform on command and conform to the rules of the house, or suffer the consequences. Liam and Daniel, at first eager to bring another into their D/s play, find their world turned upside down by the sexy, eager, but less-than-submissive beauty in their midst. They are forced to deal with tough issues that arise when two become three. In the unfolding passion play, each must confront jealousy, trust and their own understanding of the romance of a D/s relationship. And Alex must look inside herself to discover if she has what it takes to remain in the arms and hearts of the two men she calls Master.
