

## Unsolved Civil Rights Murder Cases 1934-1970

The Emmett Till Unsolved Civil Rights Crime Act of 2007 called for review and reinvestigation of violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in a death. The U.S. Attorney Generals review observed that date, while examining cases from 1936 (a date not specified in the Till Act) onward. In selecting violations for review, certain headline cases were included while others meeting the same criteria were not considered. This first full-length survey of American civil rights cold cases examines unsolved racially motivated murders over nearly four decades, beginning in 1934. The author covers all cases reviewed by the federal government to date, as well as a larger number of cases that were ignored without official explanation.
