

The Duchess and the Doctors: First Time Victorian BDSM

I intend to do more than touch her, my lord. The new duchess, Lady Amelia Shalloway, has a problem: her husband is impotent. Despite their best efforts, her weak husband has yet to give her the hard pleasure her untouched body craves. So when shes told about a group of physicians capable of curing her husbands affliction, she jumps at the opportunity. But Lady Amelia and her husband are in for quite a surprise when they encounter the doctors unconventional healing methods. Now, right in front of her husband, the inexperienced duchess endures the hard and rough treatment the three men must administer to her body in order to cure him.
