

## Where Hope Prevails (Return to the Canadian West Book #3)

She leans forward for her first glimpse of the little mountain town that has captured her heart, but something has changed. Elizabeth Thatchers highly anticipated return to her beloved Coal Valley after a long summer with her family back east is filled with surprises... and not all of them good ones, in her estimation. Maybe the worst one of all relates to her treasured students. Can she adapt and learn to cope with this enormous change? Her Mountie, Jarrick Thornton, hasnt yet proposed, but she already knows what her answer will be. His duties take him away from the valley much too often, in her view, but the two of them, with patience and understanding--and one significant misunderstanding--are learning to know each other better. The dark cloud looming on the horizon in Beths mind, though, is filled with questions about where their future might take them. As a member of the RCMP, Jarrick is stationed wherever his superiors send him... but what about her teaching position in Coal Valley? Beth attempts to do her best with each obstacle she faces, but does she rightly assess each situation as it surfaces? Good intentions dont always lead to good results....A companion story to Hallmark Channels When Calls the Heart TV series
