

CESP Set 2008 (Ceramic Engineering and Science Proceedings)

To order the CESP 2008 Set, please call 1-800-825-7550. This set is NOT available to purchase online. Volume 29, Issues 1-10 of the Ceramic Engineering and Science Proceedings collects advancements in both traditional glass manufacturing and advanced ceramics research, processing, properties, and applications from the The Glass Problems Conference and the International Conference on Advanced Ceramics and Composites. This set contains 10 volumes distributed upon publication.
