

Flesh and Stone (The Yomi Olola Mysteries Book 1)

A Young Adult Mystery set in the Pre-Nigerian era. As these things begin... Yomi Olola is nineteen years old, a young woman with the blood of warriors in her veins. Preparing to wed the man of her dreams and enjoying the yearly fall festival, she is thrust into a battle of someone else's making. A man is murdered, and not just any man, a man of stature. A man with many rivals and many secrets. In the ancient town of Ile-Ife, an act such as this cannot be ignored. Someone must be punished and in the rush to judgement, Yomi's future is shattered. Now, running out of options and with only the help of her sister and a friend, she must find the killer herself. No matter what she risks, no matter what it takes. Will she uncover the truth in time? A murder mystery rich in romance and adventure, *Flesh and Stone* is a story about family, tradition and the fight for love and freedom.
