

Zurrells Poetry: Fresh and Original

Tell this teen hes ignorant about life and love, and youll get a defying and almost critic-crippling response, I am only a child and I know about love. I know about love because I know the God above. Just because I havent experienced life doesnt mean I dont know what it is. To learn just from experience is a fools way to live. In a world with many opinions on life, love, and troubles, this sixteen year olds views stand as a unique perspective on living, relationships, and demonstrates that sorrows come from deep within, irregardless of the situation at hand. Poetry that is complex, inspired, but easy to understand. Zurrells Poetry: a must have source of fresh and original poetry. From romance to God and even between, this is a must have poetry album.
